

Bottle opener with solid handle

Art.-no. 4274

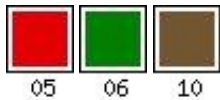

made of wood PP

With solid handle and hole to hang by.

A new technology for promotional items ... shapeable wood which can be moulded just like plastic! This is implemented by means of 40% propylene mixed with grinded lumber. All important wooden features are maintained: scent and appearance are close to a chipboard. Mainly domestic lumber is used for production which keeps up environmental aspects. Although containing plastic ingredients, the material is fully recyclable and, presenting the positive attributes of plastic, it is more waterresistant than lumber and splinter-proof ...

Standard-colours

05-red 06-green 10-brown

Measurements

Length	125 mm
Width	40 mm
